

NOT TO BE MISSED! EXPERIENCE EXCITING, NOVEL AND TASTY FOOD AND BEVERAGE PRODUCTS

Dear SAAFoST member,

It is that time of the year again where food technology students of Tswane University of Technology, the University of Johannesburg and the University of Venda will showcase **35 exciting, novel, mouthwatering and scientifically designed products** which they have developed for the SAAFoST student day. The products are listed in the attached announcement and we invite you to come and experience them. Everyone is welcome - the support of the food industry for which we educate students will be valued and we hope to see you there.

This year's event is dedicated to Amanda Minnaar, who has been in charge of the student day for many many years. The passion, energy and knowledge that she conveyed to the students during those times, is something that we will all miss tremendously. She has left a legacy behind which we will keep on running in honour of her.

Attending of the event is **FREE of CHARGE** but **BOOKING is ESSENTIAL**. Note that no lunch or refreshments are provided but there will be plenty of delicious products to taste.
