The KZN branch will be hosting a sodium reduction workshop in May. It will cover ***challenges in achieving the 30 June 2019 sodium reduction deadline.***

Suppliers will be talking about the five categories of sodium reduction available and their use in application:

- Potassium chloride blends
- Sodium-reduced sea salts
- Shape-advantage salts
- Yeast extracts

- Flavour enhancers

Date: 17 May 2018

Venue: AHA Gateway Hotel, Umhlanga
