

**Dear Northern Branch Members,**

Food fraud and water quality issues are a concern to all food science and technology professionals.

Take the opportunity to participate in this event, limited to only thirty Members, to find out more about SSAFE, a global, non-profit food safety organisation, that has developed, in partnership with the University of Wageningen RIKILT, the Vrije Universiteit Amsterdam and PwC, a free, very recently launched, **Food Fraud Vulnerability Assessment Tool** for enhancing the integrity of the food chain and protecting consumers. This will be followed by a presentation on, and tour of, the Coca Cola, Africa Technical Centre and laboratory.

The event will be free of charge but booking is essential in order to gain entry to the site.

See below for more details.

With thanks and regards,

*Denise Metcalfe*
