

SAAFoST Northern Branch

Dear Northern Branch Members,

Another very interesting visit has been organised as our May event, on this occasion to the Ola Ice Cream factory in Midrand.

This is Unilever's first state of the art ice cream factory in Africa and sets new standards in green and low-cost manufacturing.

The factory utilises smart green technology to harvest rain water and recovers and reuses water used in production processes.

It follows a zero waste to landfill policy and uses energy efficient technology - the refrigeration and utilities services for example,

are specifically designed to reduce energy consumption through the use of efficient motors, drive mixers and air compressors.

This, combined with decreased water usage and responsible waste disposal, has a very positive effect on the factory's

environmental impact. The factory has sufficient capacity to double its output to meet future demand and is expected to employ

in the order of 3,000 people.

Only thirty Members can be accommodated on this visit so book quickly to secure your place.

Booking is essential in order to gain access via security to the site.

Further detail on programme and booking procedure follows below.

With thanks and regards,

Denise Metcalfe

Chair: SAAFoST Northern Branch (2015-2017)

Ola Ice Cream Factory Visit and Tour: Programme

Date: Tuesday 31 May 2016.

Venue: Ola Ice Cream factory, Lords View Industrial Park, Ext 66
