- ▶ WHAT INNOVATION INSIGHTS CAN BE GLEANED FROM DEVELOPED MARKETS?
- ▶ CLIMATE CHANGE IN SOUTH AFRICA

FST is the official magazine for members of the South African Association for Food Science and Technology (SAAFoST).

The magazine provides an accurate, reliable scientific resource for food scientists, technologists and manufacturers in the food industry.

It highlights:

- local scientific articles that reflect the diverse research taking place in South Africa today
- articles and technical papers of interest from company principals and scientists
- industry trends and innovations
- updates on food legislation

- articles written by experts in their fields on a wide range of topical subjects
