

## **FST magazine report**

**By Tricia Fitchet, Editor [trifit31@gmail.com](mailto:trifit31@gmail.com)**

SAAFoST's FST magazine celebrated a decade of publication this year and we hope you have enjoyed each issue with its varied food science and technology articles.

The November magazine is currently running through its production schedule and will be online for members to read by the end of October or early November.

Our team always put the magazine together seamlessly and I would like to thank them all for their efforts.

I also thank the Advisory Committee for their valued input – especially Professor Gunnar Sigge.

We are sourcing adverts for the 2022 issues so, if your company would like to advertise in one or all of those magazines, please let me know.

Also, should you be an expert in your field or could recommend a colleague who would be willing to write for FST magazine, please let me know.

Thank you.
